

# 46th European Calcified Tissue Society Congress

10-14 May 2019

Budapest, Hungary

## Scientific Programme

---

### Friday, 10 May 2019

Basic/Translational

Working Group

14:00 – 16:00

Liszt 3

### **Working Group 3: Bone bioengineering, regeneration and implants Biomechanics of pathological bone tissue and of the relevant repair strategies**

<b>Biomechanics of the metastatically involved spine</b>	14:00 – 14:30
<b>Risk of fracture of bone tumors</b>	14:30 – 15:00
<b>Numerical simulation of the failure of pathological bone tissue</b>	15:00 – 15:30
