

46th European Calcified Tissue Society Congress

10-14 May 2019

Budapest, Hungary

Scientific Programme

Friday, 10 May 2019

Basic/Translational

Working Group

14:00 – 16:00

Liszt 1

Working Group 1: Animal Models in Bone Research: Cancer Models, Transgenic Animal Models

Chair: Ulrike Baschant, Dresden, Germany

Chair: Ciro Menale, Rozzano-Milan, Italy

Chair: Mattia Capulli, L'Aquila, Italy

	Pre-clinical cancer models	14:00 – 14:30
	Speaker: Aymen Idris, Sheffield, United Kingdom	
	Bone Histomorphometry in pre-clinical mouse models	14:30 – 15:00
	Speaker: Reinhold Erben, Vienna, Austria	
	Mouse Cre-Lines in Bone Research	15:00 – 15:30
	Speaker: Jan Tuckermann, Ulm, Germany	
P201	Development of CRISPR/Cas9-based dual-fluorescent reporter mouse models to study in vivo single cell mechanomics of osteoblasts and osteoclasts	15:30 – 15:45
	Speaker: Esther Wehrle, Zurich, Switzerland
