

46th European Calcified Tissue Society Congress

10-14 May 2019

Budapest, Hungary

Scientific Programme

Friday, 10 May 2019

Basic/Translational

Working Group

16:30 – 18:30

Liszt 1

Working Group 4: Non-Mammalian Models Fish Models of Rare Skeletal Disorders

Chair: Leonor Cancela, Algarve, Portugal

Chair: Antonella Forlino, Pavia, Italy

Supported by an educational grant from industry

	Modifier in the skeletal dysplasia of SHOX deficiency	16:30 – 17:00
	Speaker: Gudrun Rappold, Germany	
	Zebrafish a tool to dissect muscle-to-bone interaction	17:00 – 17:30
	Speaker: David Karasik, Safed, Israel	
	Modeling GACI and PXE in zebrafish	17:30 – 18:00
	Speaker: Stefan Schulte-Merker, Münster, Germany	
P169	Validation of GWAS-derived novel regulators of bone homeostasis	18:00 – 18:10
	Speaker: Iryna Khrystoforova, Safed, Israel	
P098	Marine plants as valuable sources of antioxidant and anabolic bone compounds	18:10 – 18:20
	Speaker: Vânia Palma Roberto, Faro, Portugal	
P198	Characterising the interplay between inflammation and skeletal remodelling during fracture repair in zebrafish	18:20 – 18:30
	Speaker: Lucy McGowan, Bristol, United Kingdom
