

# 46th European Calcified Tissue Society Congress

10-14 May 2019

Budapest, Hungary

## Scientific Programme

---

### Friday, 10 May 2019

Basic/Translational

Working Group

18:45 – 20:45

Liszt 1

### **Working Group 8: Cartilage Pathophysiology Common and Rare Disorders of Cartilage**

Chair: Antonio Rossi, Pavia, Italy

|      |   |               |
|------|---|---------------|
|      | <b>Developmental regulation of lysosome biogenesis, function and cellular identity in cartilage.</b>              | 18:45 – 19:15 |
|      | Speaker: Laura Cinque, Pozzuoli, Italy  |               |
|      | <b>Phosphate transport-dependent and independent functions of PiT1 and PiT2 in cartilage growth plate biology</b> | 19:15 – 19:45 |
|      | Speaker: Laurent Beck, Nantes, France   |               |
|      | <b>Role of the sympathetic nervous system in osteoarthritis</b>   | 19:45 – 20:15 |
|      | Speaker: Zsuzsa Jenei-Lanzl, Frankfurt am Main, Germany   |               |
| P130 | <b>Parathyroid hormone treatment modulates cartilage quality</b>  | 20:15 – 20:35 |
|      | Speaker: Patrick Ammann, Genève, Switzerland  |               |
